

## Third Party Auditor Food, 4 Days

Attendance at this course will allow delegates to gain an in-depth and practical understanding of the BRC audit requirements, with particular reference to audit management and consistent report writing; on passing the examination, delegates will be issued with a BRC Third Party Auditor Certificate, with a unique reference number. This allows an EN45011 accredited certification body, when using an auditor trained by the BRC, to incorporate the BRC Quality Mark on certificates issued following an audit against the relevant Standard. (Please note that this qualification does not guarantee employment as an auditor with a certification body.)

### **COURSE CONTENT**

This course trains delegates in Third Party audit requirements, against the new BRC Global Standard for Food Safety (Jan 2008 edition). In addition, the course includes all relevant aspects of auditing within the food sector. Tutors will focus on:

- Summary of the Standard
- BRC audit aims and objectives
- BRC audit concepts
- The auditor
- Auditor skills
- Audit report writing
- Reporting the audit
- 2.5 hour examination on final day

### **WHAT WILL IT ALLOW YOU TO DO?**
